OFFICE OF ~~SECRETARY TO GOVT OF MYSORE~~ the INSPECTOR OF GENERAL OF EDUCATION ~~EDUCATIONAL DEPARTMENT~~ MYSORE
~~Bangalore~~ Mysore, 27th January 1896

From

H J BHABHA Esq
INSPECTOR OF GENERAL OF EDUCATION
~~Secretary to the Govt of Mysore~~
~~Education Department~~ MYSORE

To

Ed. S 20/95
SE 18

The General Secretary to the
Government of Mysore,
Bangalore

~~Sir,~~

Sir, I have the honour to inform you that the present building of the Government High School at Channapatna is too small to provide sufficient accommodation for all the classes of the school It is necessary to add a hall 30ft × 16ft and a wing of two rooms, each room measuring 16ft × 12ft The cost of the proposed extension is estimated at Rs 2445 exclusive of the usual establishment charges of the Public Works Department at 10 per cent on the estimated cost The plan and estimate prepared by the Executive Engineer, Bangalore Division are herewith enclosed for reference and obliging return The work of extending the building will be carried out by the Public Works Department and has to be taken in hand as soon as possible The DPW establishme

charges will come to about Rs 250 The extension will cost in all about Rs 2700, of which Rs 1,000 may be made available from the grant sanctioned for Taluk School buildings for the current year and the balance of Rs 1700 required will be provided in the Educational State Funds Budget for the next official year 1896-7

2 Under these circumstances I have the honour to request that Government may be pleased to sanction the payment of Rs 1,000/- from the allotment for "Taluk School Buildings" in the Educational State Funds Budget for 1895-96 to meet the current year's expenditure on the extension of the Channapatna High School

I have the honour to be,
Sir,
Your most obedient servant,

H J Bhabha
Inspector General.

W

Subd

This work has been ordered to be deferred ~~deffered~~ till next year Mr Bhabha says in letter No 4460/185 dated 27/11/96 that no ~~fund~~ provision from the State funds Budget will be required during the current official year for the Shirthahalli M School there will therefore be a saving of Rs 2000. Part of this will be required for the Kadur Girls' School of the 3rd recommended in No 4458/183 dt 27/1/96 is approved But the balance the 1000 Rs hereby required may be retained

INSPECTOR GENERAL OF EDUCATION
~~Education Department~~
IN MYSORE

To

The Secretary to the Government of Mysore
in the Revenue & General Departments,
Bangalore

SIR,

I have the honour to forward herewith a memo of the Chief Engineer upon the need of a new building for the Channapatna High School with the Dewans remarks upon it An estimate for extending the present building of the High School amounting to Rs 2790 has been prepared by the Public Works Department, and the work was entrusted to the Public Works Department to be carried out The leading men of Channapatna however are in favour of having an entirely new building erected for the accommodation of the High School as well as the two Taluk Schools both Hindustani and Kannada at Channapatna, the present High School building being utilised as a public library Col Bowen agrees with the petitioners and he has kept in abeyance the work of extending the

the present building He wishes that Government would sanction a new building

2 A new building for the accommodation of the eight classes of the High School as well as the school library Apparatus &c is likely to cost not less than Rs 12000 and will probably cost more The number on the roll of the High School on the 30th June 1895 was 128. If the Kannada and Hindustani Taluk Schools are to be held in the same building as Col Bowen suggests the building will have to be a very large one, as these schools contain respectively 155 and 111 boys I do not see the use of accommodating all the classes of the Vernacular Schools in the High School building If any classes of the Vernacular Schools are to be so accommodated, it must be the III, IV & V Classes only If these six classes which contain 66 boys in all are accommodated in the High School building, the cost of the building will proportionately increase. I would under these circumstances leave all the vernacular classes where they are at present as they are accommodated in private houses

specially built for them

3 The total amount required for sanctioned and new building works during the 1896 97 according to the list submitted with the supplemental budget dated 17 March 1896 is Rs 38,899 Of this amount Rs 1000-/ is provided for the extension of the Chanapatna High School Should Government decide to erect a new building for the Chanapatna High School, about Rs 5000 more will be required for expenditure during 1896-97 This amount may be included in the Supplemental budget now before Government

There is no Supplemental Budget before Govt. now B Probably refers to the Govt Budget now before Council 28/6/96

From

H J BHABHA Esq

Inspector General of Education in Mysore,

To

Ed 52 of 95
Ed 81 11

The Secretary to the Government of Mysore
in the General and Revenue Department

SIR,

I have the honour to inform you that I visited Channapatna in February last for the purpose of selecting a suitable site for the new High School building. There is a small site between the Hospital and the Taluk Kannada School, which it is not desirable in my opinion to select for the High School. There will be hardly any compound to form a play ground and the land to the north of the site has been sold for the construction of small dwelling houses which will when erected crowd the small open plain now available. I have therefore selected a better site behind the Travellers' Bungalow, which is close to the main road

and is quite open and healthy. To acquire about four acres of this site which appears to be a portion of Tamil Inamth land the Amildar thinks will cost from Rs 400 to 800. I request that Government will be good enough to order the site to be acquired under the Land Acquisition Act at their early convenience. Two letters received from the Amildar of Channapatna on the subject bearing this office Register numbers $\frac{10385}{121}$ and $\frac{12073}{145}$ are herewith enclosed for perusal and kind return

I have the honour to be,
Sir,

OFFICE OF
INSPECTOR GENERAL OF EDUCATION IN MYSORE

~~Bangalore~~ Mysore, 28th February 1898

No 7877-8/229

From

H J BHABHA, Esq
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore,
General and Revenue Departments.

Sir

Sl no 101

With reference to Government Order No 3318-20 Ed 7 19-96 dated the 7th September 1897, I have the honour to inform you that a site measuring four acres has been selected for the new building of the Channapatna High School, and the amount of compensation fixed by the Deputy Commissioner, Bangalore District and the Executive Engineer, Bangalore Division for the acquisition of the land comes to Rs 800-0-0. On the Executive Engineer's reference asking me whether he may

countersign the Statement of compensation for Rs 800—0—0 I have communicated to him my approval of the same. As the site has to be purchased before the work of constructing the building can be started, I request that Government may be pleased to sanction at their early convenience a special grant of Rs 800 the amount of compensation required for the site from the State Funds.

I have the honour to be,

Sir,

Your most obedient servant,

H J Bhabha

Inspector General
